Terms of service

Last updated: November 2, 2026

1. "blocky-stories uploader" is a personal tool. I use it to upload my own videos to my own YouTube channel, Panda Nano Adventures, through the YouTube API Services, from a GitHub Actions workflow in this repo.
2. I'm the only user. It isn't offered to anyone else, and nobody else can connect an account to it.
3. Using it means agreeing to the YouTube Terms of Service (https://www.youtube.com/t/terms). It follows the YouTube API Services Terms of Service (https://developers.google.com/youtube/terms/api-services-terms-of-service) and Developer Policies (https://developers.google.com/youtube/terms/developer-policies).
4. Everything it uploads is my own original work, and I'm responsible for it under YouTube's Community Guidelines.
5. How it handles data is in the privacy policy and the Google Privacy Policy (https://policies.google.com/privacy).
6. It's provided as is.
7. I may update these terms in this repo. The date above is the latest version.
